We are one of the leading exporters and traders of Physiotherapy Instruments. Offered physiotherapy instruments, offered by us, are used in hospitals for the purpose of remediation of impairments and disabilities of different individuals.

About Us

Established in the year **2010**, we, **Onyx Enterprise**, are among the prominent exporters and traders of a wide range of supreme quality Physiotherapy Instruments. Our effective product range comprises Chattanooga Physiotherapy Instruments, Donjoy Orthopedic Braces and Anti-Embolism & Compression Stockings. For the purpose of ensuring best quality product range, we procure these physiotherapy instruments from authenticated and reputed vendors of the industry. Their optimum effectiveness, lightweight and innovative design makes these physiotherapy instruments highly demanded in the market. Offered range of physiotherapy instruments find wide applications in hospitals, health clinics and medical centers for the purpose of treatment of impairments and disabilities. In addition to this, the offered range is available with us in tamper-proof packaging due to our well-equipped packaging unit. We are authorized dealer of Chattanooga, Aircast, Donjoy etc.

Backed with the team of skilled professionals, we have been able to cater to the needs of our valuable customers across the world. Hold expertise in their field of work, our professionals work in congenial environment to ensure a hassle-free workplace. To enhance and polish their skills in the most efficient manner, we provide our employees with regular training sessions through seminars and workshops.

Established as a proprietorship firm and are currently operational under the guidance of our...
